Foothills Cowboys Association

Re: Full pro carded members entering Chinook Rodeo Association Lead Rodeo's

Good Afternoon Board of Directors

We are writing this letter in regards to the multiple concerns that have been brought to our attention by Chinook Rodeo Association (CRA), Foothills Rodeo Association (FCA), and Canadian Cowboys Association (CCA) members that enter our lead rodeos regarding the Full pro carded members enter our lead rodeos throughout this season.

The Chinook Rodeo Association Board of Directors has decided to do an online survey to get the members input regarding this matter. We are using this tool to gather information and have asked the CRA, FCA and CCA membership to partake in the survey.

Our association is transparent and accountable with our members and dual approving associations, which is why we wanted to contact you direct to advise you of this survey. We value our relationship that we have built with the FCA, and the steps we as CRA and FCA have taken to strengthen rodeo through dual approving.

We look forward to getting the results of the survey back and finding out what the best possible option for competitors, members and committee's. Our rodeo season starts in November, so a guideline will be made before our finals Oct 4 regarding the full pro carded members entering our lead rodeos.

Sincerely

Chinook Rodeo Association
Board of Directors
