FOR IMMEDIATE RELEASE:

The Chinook Rodeo Association is proud that we continued and preserved through the 2020 Season.

The 2020 year, was very different than anyone ever expected, and yet the Chinook Rodeo Association managed to have a successful busy season working with various committees in Southern Alberta. We had events booked just about every weekend and had a great finals, once the government relaxed restrictions and allowed us to have functions.

The Chinook Rodeo Association is continuing to work closely with local MLA's and Ministers, in hopes of getting approval to do functions again. We are also working with committees and booking rodeo dates if the government restrictions allow. If government restrictions will not allow full rodeos, we are planning with our committees to have two weekends per month of timed events and roughstock events (if possible), consisting of one different timed event each day, so at the very least four functions per month during the summer months. Currently, the schedule is updated on the website to the beginning of May. The Chinook Rodeo Association will be requesting co-approval from other rodeo associations.

Finals are schedule for October 8-10, 2021 at Silver Sage Community Corral in Brooks.

The Chinook Rodeo Association will update the website and Facebook page as more information comes available.
